CEN/TC 10 - Lifts, escalators and moving walks

EN 81-3 / EN 81-31

WT1 has been incorporated into WG13

- The working document is completed, currently under examination at **WG1**
- Activities partially suspended for the moment
- WG13: at least 2/3 meetings will be needed to allow **WG13** and its members to know in detail the activities of the former **WG1-WT1**.

CEN/TC 10 - Lifts, escalators and moving walks

prEN 81-42

- **The text of the standard is now completed**
- **The text of Annex ZA is now completed**
- **The safety values for the Performance Level (PLs) have been inserted in *table #11 - Electric Safety Devices*.**

The document can be sent to CEN for the start of the final approval phase.

Machinery Directive WG

2019 Activities

- Participation as SBS/EFESME expert
- **December meeting, approval of the minutes:** lift platforms without cabin doors travelling in automatically do not comply with the Machinery Directive
- **EFESME/SBS article** written on the topic
 - *Are “Lifting Platforms” becoming more and more popular, and can they still be safe?*

A second article is in the pipeline

Machinery Directive WG

2020 Activities

- Participation as SBS/EFESME expert
- Different national positions on **how to potentially update the Directive**
- **Topics of interest** for the sector:
 - **Artificial intelligence and cybersecurity**
 - Insertion in the text of the Directive of the **installer for some machines** (stairlift)
 - **Platform speed** (increase to 0.5m/s seems already abandoned)
 - **Documentation for the customer**
 - Positions for/against digital documentation only
 - If infrastructure is lacking, **potential problem for SMEs**
