Appointed EFESME Expert

- **17 October 2019 - Experts' participation to BoD&GA – Augsburg (DE)**

Activities – ETSI – TC Smart M2M

- **October 2019**

In October, I took charge of all the documents and work carried out by Mr. Ferrarini regarding the Technical Report TR 103.546 of ETSI which started in May 2017.

With the help of Mr. Tribaudino I developed and completed the missing part of the TR which was presented to the chairman of the Smart M2M Commission.

2019 Activities

- **19 November – EFESME – 3° Expert meeting**
- **2 December – EFESME – 2° Digital Working Group**
- **10-12 December – ETSI Smart M2M – Sophia Antipolis (FR)**

During the meeting the draft of the final document was presented and explained. The Technical Commission appreciated the work done.

Editorial changes and updates followed.

- **12 December 2019 – EFESME – 1° Coordination Meeting**

2020 Activities

- **28 January – TIM LAB – OneM2M – Turin (IT)**
- **10 February – EFESME – 3° Digital Working Group**
- **11-12 February – SBS Expert Meeting – Brussels (BEL)**
- **10-12 March – ETSI Smart M2M**

The final document was presented to the Smart M2M Technical Committee and was unanimously approved.

In April 2020 the document was made available on ETSI's website.

In view of a forthcoming standardization I agreed with TC Smart M2M to develop a technical specification for Smart Lifts and at the same time the NWI for TS 103.735 was launched.
